GOVERNOR

SHEVAUN L. HARRIS
ACTING SECRETARY

January 12, 2021

Dear Assisted Living Facility Provider:

You may have completed enrollment in the Federal CDC Pharmacy Partnership for Long-Term Care Program to receive vaccine from CVS or Walgreens. In accordance with Governor DeSantis' efforts to expedite vaccinations for assisted living facility residents and staff, the Division of Emergency Management has contracted with CDR Health to vaccinate assisted living facilities that are not scheduled for their initial vaccine clinic with CVS or Walgreens on or before January 23.

Assisted living facilities must continue to follow Emergency Rule 59ER20-14 Mandatory Entry to Conduct Voluntary COVID-19 Vaccinations of Assisted Living Facilities. This rule states:

(3)(b) Assisted living facilities shall allow Authorized Representatives entry into the facility for the purpose of conducting voluntary COVID-19 staff and resident vaccinations.

In accordance with this rule, assisted living facilities must allow representatives from CDR Health to enter your facility to provide vaccinations to your residents and staff.

Assisted living facilities will receive three clinic dates from CDR Health –

- Clinic 1: Initial vaccinations of staff and residents.
- Clinic 2: Second dose vaccinations for those who were vaccinated at Clinic 1, and initial vaccinations for additional/new staff and residents.
- Clinic 3: Second dose vaccinations for those who received initial vaccinations during Clinic 2.

Questions of CDR Health may be submitted to Ltcvaccines@cdrmaguire.com.

Please remember to document ALL vaccinations received by your staff and residents in the AHCA Emergency Status System (ESS) daily. This information helps the state of Florida plan accordingly to ensure those who wish to receive
